Helical wire, Inc. Is a small business veteran owned & managed. Veteran's daughters also share ownership in the corporation. We have been manufacturing the helical coil thread inserts and related tooling since 1972 and have been a responsible source for OEM'S, distributors and government agencies with quality inserts & tooling.

Helical wire, Inc. Quality management system is as9100 rev c & ISO 9001:2008 certified products are manufactured to U.S. Military standards and customer requirements.

Helical wire, Inc. Is one of two USA manufacturers of the helical coil thread insert and is classified as a small business. This is extremely beneficial to our customers because we ship 98% of orders the same day or within 24 hours.

- Our product is American made; including specialty wire DFAR compliant.
- Helical wire, Inc. Lead times on non-stock items are the best in the industry. You will find our product prices competitive.
- Helical wire Inc. has the capability and resources to expand production capacity to meet customer requirements.
